

Information sheet on the nostrification of foreign school leaving certificates – technical, commercial and arts and crafts schools, agricultural and forestry colleges

The nostrification of foreign certificates is based on a comparison of the schooling completed abroad and the examinations taken abroad with Austrian curricula. **If individual subjects or subject areas cannot be sufficiently demonstrated, the corresponding additional examinations must be taken.**

An application for nostrification of foreign certificates can only be submitted if the certificates are from foreign schools, the status of which corresponds to that of an Austrian public school or a private school with public status, and it can be credibly demonstrated that the nostrification is necessary to obtain the desired authorisation or entitlement. If the state recognition of the school in question abroad is not clearly evident from the certificate, corresponding proof must be submitted to the local school authorities.

Nostrification is only possible for certificates on which the graded subjects appear. School attendance certificates cannot be nostrified.
